Lancaster High School is also one of only a handful of comprehensive high schools in Ohio, meaning we offer vocational/career-technical education as part of our high school curriculum and experience. Students can start their career path by participating in a variety of 12 programs choosing from Automotive Technology, Broadcasting, Criminal Science, and many others. Career Technical students during the 2012-2013 school year graduated from their career path programs at a 100% rate.

With all that is happening at Lancaster High School, it's easy to see why we are **The Place To Be!**
