CONSENT FOR MEDICATION ADMINISTRATION BY NON LANCASTER CITY SCHOOL STAFF

Lancaster City Schools cannot administer medication to students without a doctor's order. We understand that there may be situations during the school year where a student who takes medication at home may need administration of medication at school or delivery of medication. The Lancaster City Schools cannot provide this, but does acknowledge the parents can grant permission for non Lancaster City School employees to administer the medication in a situation where the parents are unavailable. Parents will always be contacted before we proceed to anyone listed below.
