

INSTRUCTIONAL SERVICES & CURRICULUM

Lancaster High School Full-Time Virtual Program

*The following information does not apply to students in the full time Odyssey Program. The Odyssey online program is the same as in the past.

The Lancaster City Schools Full-Time Online Program has been created to provide our families and students an educational experience that assures equitable access to high quality instruction and curriculum. Lancaster City Schools teachers will conduct virtual lessons with students using the same curriculum as students receive in our school buildings. Students will have a daily set schedule to follow on each school day.

LHS Daily Schedule:

Students will have an assigned schedule with class times as they would in regular in person school. Attendance will be taken in all academic classes. All students will have a full schedule, which will include Virtual Lunch and Virtual Study Hall to be able to complete a full schedule. There will not be attendance required in the Virtual Lunch and Study Halls.

Schedule Pick-Up:

Thursday, August 27th and Friday, August 28th outside the GAC from 9:00-1:00. Schedules will also be posted on Progress Book at 9:00 Friday, August 27th.
